A DECADE OF YONDER LIVE

10/18/2005 - Higher Ground - South Burlington, VT

This setlist is a perfect example of Yonder's diverse musical palate: some great original songs, a John Hartford cover into a classic Lennon-McCartney number, jug-band tunes, roots bluegrass, a little punk rock, an old west ballad (admittedly set in Indiana instead of Arizona), and a Snow On The Pines sandwich that includes an exquisite cover of Morning Dew, written by Bonnie Dobson and made famous by Jerry Garcia and the Grateful Dead. Behold the power of the >!
