A DECADE OF YONDER LIVE

12/02/1999 - Abbey Pub - Chicago, IL

With both Dave & Jeff hailing from Illinois, it only made sense to head for Chicago as Yonder began to expand their footprint eastward. No surprise then that the band was welcomed with large and enthusiastic 'hometown' crowds. This show from The Abbey Pub seemed like a natural to include because of the great setlist (check out the sandwich that starts set 2), the 'very-into-it!' crowd, and the fact that several family members happened to be in attendance that night. - Pastor Tim
